Indians Drop Pair of Little League Games

The Trojans chalked up a win and recepted for a loss in North Torrance Little League play over the week end. They tromped the Indians, 5-1, and were overpowered, 3-1, by the Bears. Bruins and Indians met in the third game of the week end.

Runs rained across home plate at the new Babe Ruth Park over the week end, as the local Ruth teams entered their second week of play with a barrage of base hits and tallies.

The Stars ran up the largest total of the young season Saturday when they blasted the Beavers, 24-12.

Twink left-fielder Ken Pevic unloaded the sacks with a grand-slam homer in the fourth inning and Gary Brimley, Star first baseman, hit a three-run round-tripper in the same inning to lead the heavy hitting winners, Stars got 17 runs in the big fourth frame.

Beaver Manager Frank Walker used four pitchers trying to stem the Stars' onslaught. Tom Fitzgerald, Chuck Ehlers, Lee Day and Ron Wyley took turns on the mound

for the Beavers. They gave up 27 walks between them and were touched for 14 hits.

In Saturday's opener, the Oaks took the Padres, 7-3. Russ Vanderpool, Oak third baseman, hit a home run in the seventh inning. He sent a long ball over the left field fence with a runner on.

The Oaks tallied five times in the fourth inning to sew up the lit. Tom Brohamer hurled the win for the Oaks.

On Sunday, the Solons and Rainiers opened the double bill, with the Solons hanging on for an 11-8 victory. Burl Kemp and Ron Moore hurled a one-hitter for the winners. They allowed 16 walks, however, which accounted for six of the eight runs.

In the final Sunday game, the league-leading Seals pitched the Angels, 12-2, to remain the only undefeated, untied nine in the league.

Gene Crenshaw, who was a spot pitcher for the Torrance High Jayvee baseballers this season, hurled the win for the Seals. He gave up four hits, while his teammates pounded three Angel hurlers for 10 bingles.

Crenshaw struck out eight, walked four.

In a Tuesday night game at the Plaza del Amo Park, the Oaks dumped the Beavers, 8-3. Each team got nine hits in the twilight affair.

The game was called at the end of six frames, because of darkness. Dick Boucher pitched the Oak Tonight the Solons and Oaks mee, while tomorrow evening the Rainiers and Beavers tangle

in twilight league games. Doubleheaders this week end will find the Angels vs. Stars and Seals vs. Padres on Saturday, and the Beavers vs. Solons and Oaks vs. Rainiers on Sunday.

White sea bass fishing of the Palisades at Catalina put on a good show last week, but tapered off for the week end. Anglers patiently hitting them all night, and long past dawn. Never can tell when the action might start.

Best barracuda fishing in years reported off San Clemente, Oceanside, Capistrano, with a smattering of bonita thrown in for good measure. Coronado Island waters still yielding blue fin tuna. Seems anglers are showing more interest in the tuna than the yellows. Most have their catches canned, giving them a good supply for six months to a year.

Thursday and Friday, the horseshoe kept alive with anglers filling their sacks with nice barracuda. Slacked off considerably over the week end about time for them to hit steady. This time last year, hundreds were being taken daily.

Heard a rumor that good size barred perch and corbina are being taken in the vicinity of Ventura. Which reminds me, when sitting all night waiting for white sea bass at Catalina, try going to the bottom with a smaller chunk of squid. Good chance of coming up with a cousin of the barred perch, called a sargo. Looks almost like a surf perch, except for a black band across its back and sides. Might as well catch something to stay awake.

Congratulations to the National Rod and Gun for the interest shown in their junior members. They have just completed supervising the training of six of their junior members in the handling of firearms. Un-

der the instruction of Ann Frickman, the boys successfully completed the field portion of their training program and are now qualified to purchase state hunting licenses.

Bobby Burroughs, Gary Evans, Don Fogg, Bill Smith, Norman Rees and Jerry Newman, all under sixteen years of age, are holders of Hunter Safety Certificates and junior members in the National Rifleman's Assn.

Next, they will be instructed in marksmanship, which upon completion will enable them to compete for awards and trophies in shoots sponsored by the NRA. You'll have to go some before you find another bunch of kids in that age bracket who are so justly proud of their accomplishments, besides it's fun.

Twice the Gardena Rod and Gun members had a ball fishing out of Pt. Loma, Sunday. Came in with a total of 35 yellows plus a slug of barracuda and a few bonita. Dell March, a new member outdid the oldsters by winning the jack pot with a 23 1/2 pounder among his five yellows and a five pound bonita. Fished jack ass rock and the middle kept picking up a couple, but really slaughtered them when they moved around to the other side of north island.

Annual Torrance Rod and Gun fish fry coming up June 24, at the American Legion Hall on Border. Tickets are now on sale from all members. Promises to be the best yet! This is only the second fish fry sponsored by the club. They don't have them as often as other clubs, but when they do, it's really a dilly. Plan to attend. OK?

Bad Checks Circulated, Detective Warns Here

Another bad check alert was sounded this week by Detective Sgt. Percy Bennett for the benefit of local merchants.

Watch out, Bennett said, for payroll checks, mostly in the amount of \$68.48, stamped California Bank (of Lomita), and on the Bechtel Corp., San Francisco. They are payable to Paul M. Bianco or Frank L. Campio.

If such checks are presented for cashing, Bennett should be notified at the Torrance Police Station.
